del cloud computing
AWS Certified AI Practitioner
Claude Code in Action
Desarrollador Full Stack con
Node.js

Enzo Colinecul

AWS Certified | Cloud Engineer | Python • AI-Powered Automation
Auckland, Auckland, Nueva Zelanda

Extracto

As a Cyber Security Engineer, I apply over three years of experience in cloud security and automation to support and enhance IAM solutions across AWS, GCP, and Azure platforms. My expertise in integrating AI technologies, including Large Language Models (LLMs), has contributed to developing innovative tools that streamline processes and elevate user experience.

With a focus on IAM security and cloud automation, I collaborate with teams to ensure system reliability, resolve vulnerabilities, and improve efficiency. I am motivated by the opportunity to create impactful, scalable solutions that simplify complex workflows and add value for both teams and users.

Experiencia

Mercado Libre

3 años 2 meses

Cyber Security Engineer

marzo de 2025 - octubre de 2025 (8 meses)

Argentina

Cyber Security Developer

septiembre de 2022 - marzo de 2025 (2 años 7 meses)

Access automation for IAM services on cloud platforms (AWS, GCP, AZURE)
with python

Naranja X

IAM Security Jr. Engineer

julio de 2021 - septiembre de 2022 (1 año 3 meses)

Córdoba, Argentina

NET desarrollos
